TYLÖ

The parts of Steam Proof NEON LED strip 6 m

x3
15x15x2000 mm Black Aluminium Profile

Mounting
The profile has both holes for screws and double sided tape
if it should be mounted with silicone.

1. Fasten with screws or put silicone and use the double
   sided tape to keep it fixated during the time to cure.
2. When secured on the surface, push down the strip into
   the profile, use soap water to make it easier.
